The Libertarian National Committee, Inc. (LNC) is a national party committee that represents the U.S. Libertarian Party. The Libertarian National Committee, Inc. has been registered with the Federal Election Commission (FEC) under Committee ID Number C00255695 and has submitted compliance reports and other correspondence under that name and number since 1991.

We have been made aware of an FEC Form 1 Statement of Organization filing (FEC-1366794) on December 18, 2019 for an authorized candidate committee calling itself "Libertarian National Committee". This committee was assigned a Committee Number of C00731554.

The LNC is in no way affiliated with this second organization using its name or with any of the principals listed on the FEC Form 1. None of the principals of this committee are directly known to the LNC. The LNC did not authorize this committee to use its name nor did it authorize the fraudulent use of its URL as the Official Committee URL on the FEC Form 1 filing FEC-1366794.

We feel that the duplication of the LNC's name and the fraudulent use of its URL will create public confusion as to the correct representative of the U.S. Libertarian Party. This confusion could result in contributors, vendors, banks/lenders, government agencies, and others being misled into thinking they are dealing with the national party committee when they are dealing with a duplicate organization. There also may be public confusion regarding submissions required by the FEC and other entities if two different organizations are filing with substantially the same name.

We request that the FEC terminate the duplicate committee immediately on the basis that the FEC Form 1 was fraudulently filed using false information. Moreover, the duplication of the LNC's name for another unrelated committee may result in harm both to the LNC and to the public as described above. We request that no other committee be allowed to use the name "Libertarian National Committee" in the future.
